Your Responsibility Code

There are elements of risk that common sense and personal awareness can help reduce, regardless of how you decide to use the slopes. Always show courtesy to others, observe the code listed below and share with others the responsibility for a great outdoor experience.

- You must remain in control and proceed in such a manner that you can stop or avoid other people or objects.
- As you proceed downhill or overtake another person, you must avoid the persons below and beside you.
- Do not stop where you obstruct a trail or are not visible from above.
- When entering a trail or starting downhill, look uphill and yield to others.
- If you are involved in or witness a collision you must remain at the scene and identify yourself to Ski Patrol.
- You must use proper devices to prevent runaway equipment.
- You must not use lifts or terrain if your ability is impaired through use of alcohol or drugs.
- You must keep off closed trails, and observe and obey all signs and warnings.
- Always observe and obey all posted signs and warnings.
- Keep off closed trails and closed areas.
- Parents and guardians are responsible for their children's activities on resort property.
- Avoid going through ski and snowboard classes. The same goes for race courses, unless you are a participant.

THIS IS A PARTIAL LIST. KNOW THE CODE. BE SAFETY CONSCIOUS,
IT IS YOUR RESPONSIBILITY!

ACKNOWLEDGEMENT:

My participating child and I understand these warnings and we have identified my child's ski/snowboard classification as (please initial only one):

- N ___ Non-Skier/Boarder (first time), does mean cross-country skiing.
First timers are not permitted on blue or black marked trails.
- I ___ Ski/Board conservatively. Prefer slow speeds. Prefer easy, moderate slopes. Favor lower than average release/retention settings. This corresponds to an increased risk of inadvertent binding release in order to gain increased release capability in a fall.
- II ___ Ski/Board moderately. Prefer a variety of speeds. Ski on a varied terrain, including most difficult trails. Includes all skiers who do not meet all descriptions of either Type I or Type II.
- III ___ Ski/Board aggressively. Normally ski at higher *speeds*. Prefer steeper and more challenging terrain. Favor higher than average, release /retention settings. This corresponds to decreased capability to release in a fall in order to lower risk of inadvertent binding release.

NOTE: Ski/Board participants are not permitted in the "Terrain Park". If there is a deviation from this policy, the school/group organizer must notify the Snow School in writing to that effect, and each participant must sign a waiver.

Participants who do not ski / board in a safe and controlled manner will be sent back to the beginner area, till they are able to demonstrate that they are able to adhere to the "Responsibility Code.
